

GenStone®

The Beauty of Stone Made Easy.™

Introducing **The Pillar Made Easy!**

With the new pillar panels, you can now have a pillar from the box to the wall in minutes.

Pillar Panel

Create a 4 foot pillar in minutes

Dimensions: 48" by 8 1/8"

- Available in all Stacked Stone colors
- Panels are lightweight and durable (approximately 1 lb per sq ft)
- High impact resistant
- Simply screw the pillars to the framed structure
- Panels fit together easily to hide seams.
- Water Proof – Made of closed-cell polyurethane
- Cast from real stone for an authentic look
- No need for the mess and expense of a mason

*Colors are depicted as accurately as possible, but may vary from actual product therefore viewing actual product samples is recommended. As always, check local building codes for application.
