Metal Building Applications

distributed by **MITTEN**
PREMIUM EXTERIOR BUILDING PRODUCTS

Now you can add a custom exterior finish to your metal buildings at a fraction of the cost of stone or brick exteriors and save up to thousands of dollars in engineering costs.

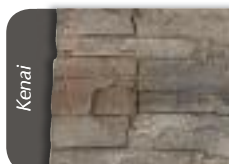

- Simple, mortar-less installation that is easy to install for do-it-yourselfers or siding installers. **NO MASON IS NEEDED!**
- Lightweight weighing approximately 1 pound per sq ft.
- Authentic look and feel cast from real stone
- GenStone is waterproof and impact resistant
- 25-year limited warranty

GenStone is made of impact resistant polyurethane panels. Because GenStone is so lightweight, your building will require much less engineering than with other exterior finishes.

Installs in a fraction of the time and cost of stone or rock. Ask your GenStone representative how you can save as much as thousands of dollars compared to other exteriors.

Available in the following
Stacked Stone colors:

Always check with local building codes for application
