

YOUR #1 CHOICE FOR VINYL SOFFIT

Soffit provides **protection**,
beauty and **energy efficiency**
to the exterior of your home.

THE PLY GEM PROMISE: Ply Gem is a 70-year leader in pioneering performance home exteriors, with a superior warranty for exactly the home you want for decades to come.

VINYL SOFFIT BENEFITS

- **Low maintenance** - No need to paint.
- **Durable** - No cracking, swelling, chipping and peeling
- **Protection** - Vinyl soffit protects the rafters and wood beams from exposure to the elements.
- **Energy efficient** - Properly vented soffits and roofs increase your home's energy efficiency. If not vented properly, attic temperatures can reach up to 160°F (70°C). Soffit provides circulation, helping to alleviate ice dams, condensation and early roof failure.
