

Engineered for vinyl siding,
PVC trim is better than engineered
wood and fiber cement trim.

Withstands the elements

Because Ply Gem trim does not absorb moisture, it won't rot, split or warp like wood. It also does not attract termites or other insects.

Won't split, crack or peel

PVC trim won't split or crack, and doesn't require sealing against moisture. It holds paint better and longer than wood, so you don't have to worry about paint peeling.

Easy to install

Engineered for vinyl siding, Ply Gem Trim is lighter and stronger. Notched corners make it easier to install and eliminate the need for a J-channel or to seal against moisture. It nails, cuts, and saws like wood, and can be installed in natural white or painted.

A good choice now.
**A great choice
years from now.**

PLY GEM TRIM AND MOULDINGS
OFFER THE BEAUTY OF WOOD
WITHOUT THE MAINTENANCE.

PVC does not absorb water, so it won't rot, warp or split. If you choose to paint it, Ply Gem Trim and Mouldings hold paint much better than wood. You can even install them to grade or against concrete. It's no wonder more and more homeowners are choosing this new and improved technology to enhance their home's curb appeal. In short, Ply Gem Trim looks better longer.

COMES WITH A
30 YEAR LIMITED
TRANSFERABLE
WARRANTY.

Ply Gem PVC Trim Product Line

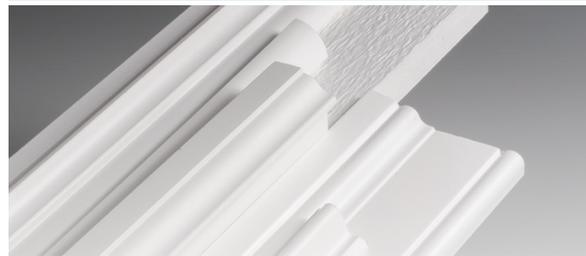

Trim Boards

PVC trim can be cut, drilled and routed like wood. These are available as sheets (smooth/smooth or woodgrain/smooth) or as notched bead board. There are endless uses, including fascia, frieze boards, window and door trim, deck edging and decorative accents.

Skirt Boards

PVC skirt boards provide the finishing touch without the worries of water damage. Available in smooth or woodgrain.

Mouldings

Mouldings are a long-lasting alternative to wood accent trim and are available in shapes that enhance any home's style, in gables around windows and doors, or wherever you desire. Drip Cap, Shingle Mould, Rams Crown, Bead Board, Inside Corner, Historic Sill and Brick Mould are all available.

Corners

One-piece outside corners provide a square edge with no unsightly, rough seam. Available in smooth or woodgrain finish.

Cortex Fasteners

Available in smooth or woodgrain, Cortex Fasteners are made from Ply Gem trim products, so they always match perfectly. This eliminates the need for caulking, sanding and painting nail holes. Each box includes all the screws, setting tools and PVC plugs needed for fastening.
