

BLOCKS & VENTS

Put the accent on *style*.

mounting blocks

Mounting blocks are used to install electrical outlets, water faucets, light fixtures, mailboxes, house numbers, and even doorbells.

Quality Assurance

Our mounting blocks are built to withstand the toughest weather and retain their color and beauty over the life of your home. They will not chip, crack, or split. All of our mounting blocks are backed by our Limited Lifetime Warranty.

Simple to Install

Our mounting blocks have a two-piece design that easily adjusts from $\frac{1}{2}$ " to $1\frac{1}{4}$ ". This feature allows for easy installation over many siding choices, including insulated vinyl siding.

A Perfect Color Match

Our mounting blocks are available in over 100 beautiful colors. They can be matched to virtually any vinyl siding color.

vents

We design vents for a wide variety of uses, with the classic styling and vast color palette that you've come to expect from Ply Gem. All of our vents are specially engineered to prevent intrusion by birds, insects, and animals, and are made to last for years to come.

Utility Vents

Our utility vents are sturdy and provide excellent cross-ventilation of garages, foundations, and range hoods. The Louvered Exhaust Vent is ideal for removing the moist air of dryers and bathrooms. Intake louvers and soffit intakes work in tandem with the vents to maximize the flow of air, allowing your family to breathe easier. With Ply Gem utility vents, your home not only looks beautiful, but feels fresher.

Gable Vents

For the perfect finishing touch to your home, our gable vents are offered in round, half-round, square, octagonal, and rectangular styles to fit the look you want to create — whether it's classic or contemporary. Best of all, our uniquely designed snap-on system is easy to install, helping to keep your attic ventilated and temperate.

The Right Colors for You

Any of our vents are available in over 100 beautiful colors. They can be matched to most colors and virtually any siding option. The paintable version can be painted to match any unique color with a high-quality latex paint.

Large Meter Base Mounting Block

The Split Recessed J-Block® has a patented hinge that allows for ease of installation without removal of electrical receptacles and water faucets.

The Mini J-Block® mounting block is designed to mount small accessories such as doorbells and electrical outlet receptacles.

The one-piece design can be used after siding installation to mount all types of accessories. Ply Gem offers sizes to fit Double 4", Double 5", Dutch Lap and Triple 3" siding profiles.

The Meter Base Mounting Block is designed to mount large accessories such as hose racks and electric meter bases.

The Large Meter Base Mounting Block accommodates oversized meters.

Utility Vents

	Foundation Vent	Air Vent (Patent #5,293,920)	Louvered Exhaust Vent	Intake Louvered Vent	Soffit Intake Vent	Hooded Exhaust Vent
Uses	The Foundation Vent is used to ventilate crawl space areas. Moveable louvers can be locked open or closed and the molded in screen helps prevent pest intrusion. The two-piece design allows for quick and easy installation and is flexible to be installed on homes utilizing various construction methods, including wood-frame and masonry.	The two-piece Air Vent is used for cross-ventilation of garages, foundations, and range hoods. Design allows for open or closed flaps. The molded mesh helps prevent insect intrusion.	The Louvered Exhaust Vent is used to vent dryers and bathroom exhaust fans. The unique design includes a built-in grid to prevent bird intrusion and a 10" long metal tube that can be used for extra thick walls. Design allows for open or closed flaps.	The Intake Louver Vent is designed to be used with the 4" Louvered Exhaust Vent (EXVENT) when constant airflow is required. Primarily used for high-efficiency furnaces, fireplaces, and bathroom eave exhausts.	The Soffit Intake Vent provides necessary air movement through the attic and roof system to replace moist air with fresh air. Can be used with bathroom and kitchen exhausts. FIRE HAZARD: NEVER use Soffit Intake Vent with screen for dryer ventilation. Flammable lint build-up on screen can cause a fire. Always use a vent that is specifically designed for dryer applications.	The Hooded Exhaust Vent features snap-on installation and a built-in grate to keep animals out. Concealed flap stays closed when not in use.
